

• Reduce Installation Time By Up To 85%

• Pre-Terminate, Pre-Tested

• 25 Year System Warranty

Product Description

RapidNet from HellermannTyton is the unique, pre-terminated and pre-tested solution that offers uncompromised performance and quality.

RapidNet can reduce installation time by up to 85% and is designed to meet the exacting standards of mission critical installations where network down time and poor systems performance is not an option.

The 6 core bundled cable have been specially designed to eliminate potential alien crosstalk issues and uses a clear tape to reduce the bundle, ensuring a high quality, well managed installation.

The 6 Port Cassette to Bare end RapidNet option is specifically designed for projects where space between rooms is limited or lengths are uncertain at the planning stage. The bare end can then be terminated to specified outlets or panels making it an ideal solution for offices, call centres and data centres.

Features and Benefits

Technical Description

The RapidNet Bare end option is designed to provide easier access in areas with limited space or apertures between rooms.

The 6 bare ends can then be terminated to either patch panels in the comms room or outlets at the desk.

All RapidNet Cat6 and Cat5E cables are made with LSOH material, complying with the latest European Fire ratings.

RapidNet terminations are tested to exceed all ISO/IEC 11801 and ANSI/TIA/EIA 568-C.2 Cat6 and Cat5E standards
